PROSPECTUS OF THE DASARA INDUSTRIAL AND AGRICULTURAL EXHIBITION OF 1913.

Introductory.—With the sanction of the Government of His Highness the Maharaja of Mysore the Committee issue the following Prospectus in connection with the Exhibition of 1913.

2. *Opening of the Exhibition.*—This year the Exhibition opens on or about the 3rd of October and will continue till the 17th of October, both days inclusive. The Cattle (local) and Poultry Shows and Weaving competition will begin on Monday the 13th of October and close on Wednesday the 15th.

The Wood Carving and Metal Work competitions will begin on the 3rd of October 1913 and continue till the 17th. The Potters and Ploughing Competitions commence on the 14th and 15th October 1913 respectively.

3. *Object of the Exhibition.*—The primary aim of the Committee is to impart to the Exhibition an educative character and to bring together articles, machinery and processes, the use of which it is desirable to bring to the notice of the raiyat, artizan and the manufacturer by actual demonstration. But as the exhibition of a single specimen may not afford full information and may not be sufficiently attractive to the visiting public, articles intended for sale, will also be admitted.

Sale rooms and sale of exhibits.—Articles on a larger scale sent merely for sale, will have to be kept in separate stalls and in charge of the exhibitors or their agents. There is no objection to the sale of actual exhibits; but they will not be allowed to be removed from the Exhibition grounds till the termination of the Show. Articles admitted for purposes of sale alone may be removed after purchase. No article will be allowed to leave the Exhibition grounds without a gate pass, which will be issued by the Cash Accountant on production of a cash bill or sale memo as the case may be.

Those who desire special facilities for the sale of articles or demonstration of processes, are requested to place themselves in communication with the Secretary to the Exhibition Committee at least two weeks before the opening of the Exhibition.

4. *Horticultural Show.*—The Horticultural Show comprising Class II, Group 2, items 1 to 7, mentioned in the first section of the Prospectus, will be held on the 13th of October 1913 and kept open till the following day.

5. *Lectures.*—Written notes on subjects connected with Agricultural Industry and Commerce will be thankfully received and printed in book forms for distribution at the Exhibition.

Demonstrations.—Arrangements will be made for holding a competition on the Exhibition grounds in Ploughing, Weaving and Pottery work, Carving and Metal work. The exact time of demonstrations will be announced later on by hand bills and notices, unless there be at least three competitors for each event, the Committee have full power to withhold such competitions.

6. *Donations.*—The Committee will thankfully accept donations for awarding prizes or medals from individuals or associations desiring to give an impetus to any special branch of agriculture or industry.

7. *Classification of exhibits.*—The classification of exhibits will be according to the prize list subjoined to the Prospectus and entries in several sections should be made in the application forms prescribed.

8. *Open to all India.*—The Committee invite exhibits from all the districts of the State as well as from outside. They also appeal to the various agricultural departments and associations in other parts of India, Burma and Ceylon to help them with exhibits and suggestions.

9. *Judges.*—Leading raiyats and non-official gentlemen will be invited to assist the Committee in judging the exhibits.

10. *Admission fees for visitors.*—An admission fee of annas two per head will be levied each time a person enters the Exhibition buildings. Season tickets

Return railway season tickets between Bangalore and Mysore at a reduced rate which will also admit the holder to the Exhibition for the whole period, will be arranged for.

The Committee will be glad to give such aid as may be possible in the shape of getting skilled or unskilled manual labour at the exhibitors' expense. The expenses for any special facilities sought for demonstrating machinery and implements, should be borne by the exhibitor except where special arrangements have been made by the Committee.

Any breach of this rule renders the exhibitor liable to have his exhibits removed summarily from the Exhibition and he shall not be entitled to any compensation.

30. *Exhibits belonging to Departments of Mysore Government.*—Articles or cattle exhibited by any Department of Government will not be eligible for money

prizes or medals; but may be awarded certificates of merit. (This rule does not preclude Government servants or pupils of Industrial Schools and institution aided by Government from competing for prizes, if the exhibits are manufactured by themselves.)

31. *Admission of Live-Stock.*—The time of the year when the owners of cattle are fully engaged in the fields, having been found very unsuitable for a regular Cattle Show, it has been decided to restrict the show to the fine specimens of local (Mysore District) cattle irrespective of breeds and classes.

38. *Number of Judges.*—The judges in each class or group will not be less than three, but no prizes will be awarded unless, in the opinion of the judges, the exhibits merit the reward. Judges cannot complete for prizes in classes or section in which they are judges, and the decision of the judges is final.

39. *Photograph of Articles exhibited.*—No articles exhibited may be copied, photographed, drawn or reproduced in any manner without the special permission of the Committee. General photographs of stalls may, however, be taken with the permission of the Committee.

42. *Official Hand-Book.*—An official hand-book of all exhibits with the names and the addresses of the exhibitors and their agent or agents, if any, will be published about the opening day of the Exhibition without any further cost to the exhibitors. It is expected that a large number of people will visit the Exhibition and that many of them will probably purchase the official hand-book which will be sold at two annas a copy. WOMEN'S SECTION.

This being the second year in which the Women's Section of the Mysore Dasara Industrial Exhibition has been at work, it is felt that its aims should be more widely recognised and appreciated so that a few words of explanation as a preface to this syllabus will not be out of place.

The first aim of this section is to bring into touch with each other women, who, having themselves learnt the value of new occupations and interests, are anxious to hand on this knowledge to others. Plain or fancy needle-work, lace-making, basket-making, knitting, all these are occupations enjoyed by a large number of women and girls in India, but there remain a still larger number who have neither seen nor heard about them. To interest these it is important to collect for Exhibition, the best that is done in all branches of women's work, and it is only the best in each section of the work that can be encouraged by the award of medals and prizes.

This is one of the most difficult things to impress upon intending exhibitors. It is not any kind of work that can be accepted. Certain groups are selected in the syllabus and only the really good work sent in under each group is likely to be admitted. To understand the importance of sending in only the best work, the following rules should be carefully studied and conscientiously carried out.

1. In needle-work the best materials that can be procured should alone be used: it is waste of time to put good work on to poor material which will neither wear nor wash.

2. One neatly stiched, well finished off exhibit is more likely to win a prize than a large bundle of carelessly done work; no amount of trimming will improve a badly made article.

3. Moth-eaten, faded, torn or dirty work cannot be accepted.

4. Exhibits which have already won prizes in previous Exhibitions cannot compete. They will be accepted as "Loan Exhibits" or exhibited for sale if space permits.

5. No work will be accepted that does not come under one or other groups in the syllabus. *Space in the exhibition being limited, there can be no exception to this rule.*

6. *None but genuine women or children's work will be allowed to compete for prizes in this section.*

In conclusion, attention must be drawn to the Government Order No. Fl. 223—G. F. 348-10-7 of 19th July 1911, dealing with the award of medals at Public Exhibitions. It is as follows:—The parties who exhibit articles may be divided into two classes, *viz.*, (1) rich and well-known firms who want distinction and praise rather than any pecuniary help, and (2) indigenous workers of modest means to whom even a small money prize would be useful. In the opinion of Government it will be sufficient to grant to exhibitors of the first class, a certificate stating that their exhibits have been awarded a gold or silver medal or some other kind of distinction. For the second class of exhibitors the award should take the form of a money prize.

THE WEAVING COMPETITION.

In connection with the Exhibition of 1913 a competition in Weaving and its preparatory process will be held in the Exhibition premises, Mysore. The following rules regulating the competition are published for the information of the intending competitors :—

SECTION I.

The competition will commence on Monday the 13th of October 1913 and will be continued for three days.

2. Weavers will be required to work for 7 hours a day, from 8 to 11-30 A.M. and from 2 to 5-30 P.M.

3. Any kind of hand-loom may be entered for the competition; but competition among weavers in each class will be among weavers working on the same kind of loom.

This rule does not effect giving loom prizes to any kind of loom that enter into any kind of competition.

4. No prizes or medals will be given to competitors in a certain class, when the number is less than 3. But all *bona-fide* weavers with a piron driver for helping each competitor, will be given their third class fare to and fro at concession rates or reasonable cart hire and an allowance of five annas per day for five days only, if they come and demonstrate any of the operations that are mentioned in the items for competition. Those that desire to utilize this opportunity for weaving extraordinary patterns will have to intimate to the Secretary at least 15 days before the Exhibition commences when the necessary arrangements will be made for the same. Weavers in Mysore City will get only their daily allowance.

5. A man that has once competed in weaving one kind of cloth and won a prize will not be allowed to compete in the same kind of cloth for three years to come, but such competitors may be allowed and given a special prize by the judges if they think that the competitor serves as a model to local weavers. This rule equally holds good in the case of awarding medals and prizes to the looms.

6. Competitors will be allowed to fix the warps on the looms beforehand and to weave a length not exceeding two yards before the competition commences.

7. Under Sub-Committees with the Chief Revenue Officer of the locality as President, competitions in any of the undermentioned tests will be held in the month of August in all the most important weaving centres of the Province. There must be at least three competitors in each of the tests. Two prizes of Rs. 10 and 7 will be awarded in each centre. The first of the competitor in each of the tests will be required to compete in Mysore at the time of Dasara.

8. A competitor can compete in any one of the following tests (*a* to *d*) :—

The Manager of a factory or a school may send one or more weavers to compete for one or more tests.

The following are the tests for the competition of this year.—

(*a*) To weave a cloth 54 inches wide (having half-an-inch silk border) with 30's warp, 52 ends per inch and 30's weft, of 48 picks per inch. Prize.—Rs. 10 and Rs. 8 for each set of competitors.

(*b*) To weave a cloth 54 inches wide (having one-fourth of an inch silk border) with 40's warp, 60 ends per inch and 40's weft, of 52 picks per inch. Prize.—Rs. 12 and Rs. 9 for each set of competitors.

(*c*) To weave a cloth 54 inches wide (having one-fourth of an inch silk border) with 60's warp, 72 ends per inch and 60's weft, 72 picks per inch. Prize.—Rs. 14 and Rs. 10.

(*d*) To weave a cloth, 45 inches wide with 100's warp, 80 ends per inch and 120's weft, 80 picks per inch. The border is to be of lace and silk of any pattern (specially rudrakshi, peacock, weaving, etc.) left to the option of the competitor. Prize.—Rs. 15 and Rs. 12.

(*e*) To weave a magutum, 54 inches wide, with red, yellow or bleached country twisted silk of about 80 counts. The border must be of lace of about one-fourth of an inch. It is sufficient if the competitors use reeds of about 40 dents and weave about 80 picks to an inch. Prize Rs. 15 and Rs. 12.

In (*a*), (*b*) and (*c*) the cross borders must be of silk and in (*d*) and (*e*) they must be of lace.

The authorities may allow any other tests provided there are sufficient number of competitors.

9. The competitors will purchase warps except silk from the Exhibition authorities and use them alone for competition and the competitors must bring in their own wefts.

Intending competitors should inform the Secretary at least 15 days before the competition commences. The local weavers will get their daily allowances only. All competitors must bring their own pirons.

10. In awarding prizes to the weavers the Judges will note the following points :—

The work done—

(1) The length of the cloth woven during the whole period.
(2) Uniformity of picking and adhesion to specification.
(3) Freedom from broken ends.
(4) Clean edges, etc.

11. A gold and silver medal will be awarded to the best looms as first and second prizes.

In judging the looms the Judges will consider in addition—

(*a*) Adaptability of the loom :—

(1) Whether the loom is suited for weaving different kinds of cloth using different kinds of yarn.

(2) Whether the loom can be worked profitably by weavers in their houses or is only useful for factory work.

(*b*) Mechanism of the loom :—

(1) Soundness and proper proportion of its parts.

(2) Simplicity in mechanism so as to be capable of being easily repaired when out of order.

(3) The position in which the weaver has to hold his body while working and the ease with which he can work the loom.

A loom that was once awarded a medal will not get it a second time.
